INT.

BRITTNEY[PLEASEINSERT\PRERENDERUNICODE{ÂŽ}INTOPREAMBLE]S
NEW ROOM - NIGHT

Brittney is lying in bed asleep.

SFX of FAIRIES in the woods. The sound of a few of them flying, rustling in the trees, high pitched, fast, and distorted voices.

Brittney's eyes quickly pop open, fights the covers off, and runs to the window.

She gets to the window and sees trails of a few fairies quickly flying back into the woods.

She gets excited, and runs out of the room.

EXT. OUTSIDE THE LOG CABIN - NIGHT

Brittney quietly comes out of one of the doors to the log cabin, and walks slowly toward the woods.

SFX OF FAIRIES

She hears the fairies, and walks faster into the woods.

EXT. IN THE FOREST - NIGHT

Brittney walks and looks around the woods.

BRITTNEY

Come out, come out, where ever you
are! Where are you? I saw and heard
some of y'all. Please come out. I
won't hurt you, I promise. Why
won't...

CLOSE UP- BRITTNEY'S FACE

A fairy flies and stops in front of her face.

BRITTNEY

(gasps)

There you are. Where are the
others?

ZOOM/TRACK OUT

The fairy backs up, Brittney slowly looks around her, and eventually turns all the way around. She sees many fairies coming from various parts of the woods.

BRITTNEY

Wow.

The fairies make nice sounding noises, and begin to fly all around her. She is loving the show they put on for her. They start to stroke her hair and she smiles. Brittney is happier than ever.

BRITTNEY

Y'all are so beautiful. You definitely know how to treat your Queen.

The fairies tug on her hair a bit.

BRITTNEY

Not too hard. That hurts.

The fairies noises begin to sound more evil. Then, they begin to laugh evilly as they pull harder on her hair.

Brittney screeches and slaps them away.

BRITTNEY

What are you doing?!

The fairies get louder, and they all begin to swarm around her.

They push her around, throw small rocks, acorns, pine cones and anything else.

They trip her and throw dirt at her.

Everything is a big evil game to the fairies. They do all of this while laughing, making various other sounds, and making fun of her.

Brittney screams and cries. She eventually gets up and runs out of the woods and to the house as the fairies chase her to the edge of the woods making sounds and laughing.

INT. NONA'S BEDROOM - NIGHT

Nona is sleeping and Brittney runs in and tries to hysterically wake her up.

BRITTNEY

Momma, momma, momma! Wake up! The fairies attacked me!

(CONTINUED)

NONA
(slightly awake)
What are you freaking out about?

BRITTNEY
The fairies! They're evil!

NONA
What fairies?

BRITTNEY
The fairies in the forest.

NONA
There aren't any fairies in the forest, Brittney.

BRITTNEY
But I saw them. They pushed me and pulled my hair...

NONA
It was just a dream. Sometimes they can seem very real. It's all in your head.

BRITTNEY
But you said I could make it real if it was in my head.

NONA
Not real enough when you're going to freak out, and wake me up in the middle of the night. We have a lot to do tomorrow. Go back to bed and don't think about it.

BRITTNEY
They're going to get me while I'm sleeping.

NONA
Brittney, please, just go to bed. Everything will be fine in the morning.

BRITTNEY
But...

NONA
Go.
